Fire Department

Fire Department Service Delivery Programs

Fund Support:

General Fund

Description:

The Annapolis Fire Department is an all-hazards emergency service agency that provides the following services: fire suppression, emergency medical services, technical rescue response, hazardous materials technical response, response to weapons of mass destruction, marine rescue/firefighting and bomb squad services. These services are carried out by three engine companies, two truck companies, and three advance life support paramedic units. The department utilizes a rescue/haz-mat squad dependent on staffing from an

engine company and a fireboat dependent on staffing from a truck company. The Fire Marshal's Office Investigation Section provides the staff and equipment for bomb squad activities. The department provides the following non-emergency services: fire prevention/life safety, fire investigation and public education.

Mission:

The Annapolis Fire Department exists to provide a safe environment for the community by minimizing the impact of fire, disaster, hazardous conditions, illness and injury through information, public education, quality service and efficient utilization of resources.

Emergency Services

Fire Department

General Fund

Description:

To protect against injury or loss of life by fire, accident or hazardous condition and safeguarding of property through the prompt extinguishment, control or abatement of an incident utilizing resources provided by the Mayor and Council.

Emergency services consists of the eighty-six personnel who staff the fire engines, truck companies, rescue truck, fireboat and medical units of the department. They are the first line of defense against the perils of fire, accident or hazardous conditions.

Other departments of the City use Emergency Services to accomplish tasks requiring the unique equipment of this department.

Emergency Services assists the Fire Marshal's Office in conducting in-service inspections and public education programs.

Goals:

- To provide immediate emergency service response to incidents including fire, emergency medical, rescue and hazardous conditions.
- To provide a safe environment on emergency incidents by applying our risk management principles as follows: We will risk ourselves a lot, within a structured plan to save a savable life; We will risk ourselves a little, within a structured plan to save savable property; We will not risk ourselves at all to attempt to save lives or property that are already lost.

Objectives:

- To respond to all emergencies within an average response time of five minutes or less and in seven minutes or less ninety percent of the time. Time is calculated from the time the company receives the call via the dispatch system until it arrives at the incident scene.

- To provide a deployment of no less than three firefighters on each Engine and Truck Company.

Accomplishments:

- The department increased the minimum staffing on one of its ladder trucks to three without an enhancement to its budget.
- The department purchased a replacement ladder truck for the Eastport Fire Station.
- The department applied for and received a federal grant to fund a mandatory physical fitness program.
- The department complied with its annual requirements to remain accredited with the Commission on Fire Accreditation International.

Emergency Medical Services:

Description:

Responsible for providing emergency health care, rescue, and related services to the citizens and visitors of the City of Annapolis, and for providing transportation to the closest appropriate health care facility.

Goals:

- Respond to all 911 calls requesting rescue services, emergency health care and/or emergency transportation, in a timely manner, with personnel trained and equipped to provide the needed service at a level that meets or exceeds recognized standards.
- Provide public education and participate in other activities to enhance the safety and well being of all who reside in or visit the Annapolis area.

Emergency Services

- continued -

- Conduct the departmental infection control program to comply with OSHA regulations. at all times, with at least one provider per unit being at the paramedic level.
- initiate an Hispanic outreach program to better meet the needs of this growing segment of our population.

Objectives:

- Consistently achieve emergency response times that meet or exceed the nationally recognized standard.
- Maintain the vehicles and equipment necessary to provide ALS service that meets or exceeds regional standards.
- Staff and maintain each of the first line ALS units with two Maryland certified paramedics
- Equip and maintain a fourth ALS unit for use in special events and as a reserve unit.
- Maintain an adequate number of certified CPR instructors to meet or exceed increasing citizen demand for this training.
- Complete annual tuberculosis testing on all departmental members to comply with OSHA/CDC regulations.
- Provide semi-annual Spanish language training for all ALS providers and make available CPR training for Spanish speaking citizens.
